

How Has Your Environment Made You Who You Are?

Savannah Tidmore

Hi my name is Savannah Tidmore. I am 7 years old. I take good care of my family. They take good care of me too. My dad brings me to the park. I live with my mom, dad, sis and my two brothers.

My family and I moved last year. At my new house my dog had puppies. We kept one of the puppies and her name is Destiny. Then my grandpa came to town to do my basement. Then he went back to his house.

My family had covid. I was so scared because we didn't know what was going to happen. Then we didn't have covid 2 weeks later. That made me so happy.

I went to school at Toni Morrison when I was in kindergarten. I have been in this school 3 years in a row. I have made lots of friends at Toni Morrison. People bullied me but I ignored them so they stopped. School helps me be kind and helpful.

I love my friends. I have lots of BFF's, some moved and some betrayed me. But a lot of them I can trust. My BFFs get bullied too but we ignore them. We always play together and we talk every day.

I do jiu jitsu. I love it. It teaches me to be brave for myself. I also love dancing and singing. My favorite music is 90's R&B. My mom puts it on every day and she makes me dance with her. My dog's dance with me too. Pretty soon I will go to a gym for gymnastic lessons. I will go to dance lessons.

My pet's help me learn responsibility. Taking care of pets will help me take good care of people. I have 4 dogs. Their names are Destiny, Koko, Zues, and Bailey. Koko is Destiny's mom. They're both CRAZY! We got Zues when my brother was 1. Zues is 7 like me. Bailey is my grandma's dog. I forgot to tell whoever is reading this my grandma lives with me. Bailey is 16 or 17.

What makes me who I am? Jiu jitsu makes me brave. Dancing makes me proud. My dogs make me be responsible. My family makes me kind. My friend's make me helpful and kind.
